Ocean Atlantic Sotheby's International Realty Thanks the Community for their Support

Rehoboth Beach, Del. (December 17, 2008): Ocean Atlantic Sotheby's International Realty located in downtown Rehoboth Beach participated in the Delaware Does More campaign, a special effort organized by United Way of Delaware and The Food Bank of Delaware to generate 300,000 pounds of food to ensure that Delaware received enough supplies to meet the demand for social services during this winter season.

Each participating organization was able to create and market their campaign. Ocean Atlantic Sotheby's International Realty kicked off their food drive on Friday, November 14th. The office located at 330 Rehoboth Avenue had food barrels for donations located in their front lobby until Tuesday, December 16th. "The response from the real estate community, local business community, and local community was overwhelming," stated Amanda Ryan, marketing director for Ocean Atlantic Sotheby's. "It was so rewarding to see the community pull together to help assist others that are less fortunate." The office collected over 10 barrels of food and supplies for the cause.

For additional information on Ocean Atlantic Sotheby's International Realty's food drive benefiting The Food Bank of Delaware or to receive information on how to further assist the Food Bank of Delaware, please contact Charlotte McGarry at 302.292.1305 ext. 211.
